## PROFESSIONAL SUMMARY

Full Stack Web Developer with strong proficiency in frontend and backend technologies. Skilled in designing responsive, user-friendly web applications using **HTML, CSS, JavaScript, React, Node.js, and MySQL**. Strong grasp of RESTful API development and database integration. Eager to contribute to innovative development teams and grow as a professional developer.

## TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript, React.js, Bootstrap, Tailwind CSS
- **Backend:** Node.js, Express.js, PHP, XAMPP, MySQL
- **Tools:** GitHub, Postman, VS Code.

## PROJECTS

### • **CRUD Product Inventory**

- Designed and developed a responsive **product inventory management system** using **React.js** without any backend or database
- Implemented full **CRUD operations** (Create, Read, Update, Delete) using React's **state management** to handle data entirely on the client side.
